

Graduate School of Educational Studies

„Englisch für didaktisch und pädagogisch orientierte Vorträge und Fachkonversationen“

Dozent: Neil Deane BA / MSc, Universität Duisburg-Essen
Umfang: 1,5 Tage
Termin: am Freitag, den 10. Juni (9-16 Uhr) und
Freitag, den 17. Juni (9-13 Uhr)
Ort: Professional School of Education, Studierendenhaus SH 1/187

The course has several aims:

- 1) To improve fluency in conversations when participants are discussing their specialist fields with other experts.
- 2) To revise and consolidate specialist terms in the field of education and in participants' own field of research and activity.
- 3) To improve presentation skills in English, with particular reference to internal meetings and external conferences.
- 4) To improve intercultural competence with particular reference to contacts with international researchers and academics.

How?

Aims should be achieved by carrying out a joint, negotiated syllabus (needs analysis of contents and methods); carrying out task-based activities to simulate situations participants find themselves in; mini-presentations of research findings and topics with feedback; general conversation throughout with teacher feedback to improve grammatical accuracy, pronunciation and correct use of lexis, both of a specialized and/or general nature; partner work.
